

Did you know Anne Gyorfi, “The Game Lady” created the First Ever Party Plan for kids? Ideally for kids 6 and over. *Let me explain how the fun begins:* Well, say Mary is hosting her very own party on June 1, 2022 from 2:00 pm – 4:00pm located at 15 Main St. Ocala, FL and the author, Anne, will play the game “IGAA LIKE MY PRICE” where the kids will learn the value of shopping around. Good Lesson don’t you agree? She also will discuss and play the other games that can be played with the educational card game called ***“I’ve Got an Appointment” IGAA***. Each party is different because Anne allows the children to select which games interest them.

How does it work? Your child when invited only needs to bring \$10.00 and will have 2 hours of fun playing the game and going home with the IGAA card game and change from the \$10.00. How much change? It depends on their pick of price tags. Don’t forget the main focus for them is learning the value of shopping around for the best price. They will love playing the game “IGAA LIKE MY PRICE” and saving more money. *Let me explain.* Each price tag has a different sale price in .25 increments and they pay the lower amount of the 2 tags they select from the table when their cards are called. Then they each get another opportunity to ask one other friend if they have yet a lower price then they hold. It’s fun to watch them get excited to actually pay the lower price. The host will love to cash them out giving them change from the \$10 based on their lower price tag. Price tag discounts vary with party size. Minimum party size is 5 kids. Mary as the host, will receive a Starter binder with 7 additional games, a spinner and game pieces to play all other *free* downloadable IGAA games as well as a set of 4 Cups with lid and a straw while supplies last. That is an awesome value to host a party. ***Book your party fast while cups are still available.***
